EXPERIENCE

Web Developer Aug 2024 - Nov 2024
Zidio Development

- Developed and optimized web components for enhanced performance.
- Gained hands-on experience in front-end and back-end technologies.

PROJECTS

Connect My Career

Tech Stack :MERN (MongoDB,Expressjs,React,Node js)

Description Connect My Career is a job listing portal designed to streamline on-campus and off-campus recruitment by connecting job seekers with recruiters. The platform provides real-time job postings, secure authentication, application tracking, and advanced job filtering options to enhance the hiring process.

Connect & Cure

Tech Stack: MERN (MongoDB,Expressjs,React,Node js)

Description A web based doctor appointment booking system built using the MERN stack. It allows patients to search and book appointments with healthcare providers, filter by specialization and availability, and receive real-time updates. The platform streamlines scheduling for both patients and providers.!

EXTRA-CURRICULAR ACTIVITIES

- I thrive in a self-directed environment, finding motivation through independent learning initiatives like exploring new technologies, delving into international relations, and maintaining an active lifestyle.
- Engaged in cultural activities, such as organizing and participating in college festivals and events.
